**Day03: ATLANTA - HUNTSVILLE SPACE CAMP**

Breakfast at hotel. After breakfast transfer to the Huntsville Space Camp, to attend the NASA Space Camp.  
Upon arrival, Check in at the Camp. Orientation & acclimatization to adventure & simulated space missions.  
Dinner and Overnight at the camp.

**Day04: HUNTSVILLE SPACE CAMP**

Breakfast at Camp.  
Space Camp encourages trainees to pursue more science, technology, engineering and math (STEM) through exciting hands-on educational activities. The facility is located on the grounds of the U.S. Space & Rocket Center which is also the official visitor center for NASA's Marshall Space Flight Center.

During the five-night program, trainees participate in simulated space missions including launching, docking of space shuttle and space station. Students will also conduct science experiments while learning basic scientific principles. Crew trainers will guide trainees through the past, present and future of Space exploration using actual rockets and shuttles as the backdrop. Trainees will see the first rocket that put an American in space - the massive Saturn

V moon rocket - and the Capsules early astronauts used during their missions. Trainees will experience walking on the moon in 1/6th gravity chair to feel what it`s like to work in a frictionless environment and navigate a tumble-spin on the multi-axis trainer, just like the Mercury astronaut training.

Dinner & Overnight at camp

**Day05: HUNTSVILLE SPACE CAMP**

Breakfast at Camp.

Full day Camp training.

Lunch, Dinner & Overnight at Camp.

**Day06: HUNTSVILLE SPACE CAMP**

Breakfast at Camp

Full day Camp training.

Lunch, Dinner & Overnight at Camp.

**Day07: HUNTSVILLE SPACE CAMP**

Breakfast at camp.

Full day Camp training.
